

INVERTED FLUSH TRIM AND PROFILING BIT

Suitable for router tables, the ball bearing guide is fitted to the cutter shank. This enables templates to be mounted under the table.

1/4" (6.4mm) Diameter x 1" (25mm) Long Shank

Product No.	Cutter Dia.	Cutter Height	APN
12M4BS	13mm 1/2"	25mm 1"	9416206130006

12VG288INV	28mm 1 1/8"	22mm 7/8"	9416206130099
------------	-------------	-----------	---------------

INVERTED RAISED PANEL CUTTERS

Use inverted raised panel bits where the hole in the router bit limits the diameter of the cutter. We recommend making a router table fence taller to support the panel. Always make a series of light cuts.

Caution, never run the material between the fence and the cutter.

Product No.	Cutter Diam.	Cutting Height	APN
